1. SITUATION

Who are we? What has happened?

Finland has been invaded by russian forces and at this point they are setting up camp all over the area of Hellenmaa. Taking back this place will at least lessen the burden of the finish army. We are asked to try and take the weapon supplies from the russian hideouts. Also we are tasked to eliminate any threat you face. That being said, we have a strong suspicion that the USSR has been "helping" the russian forces. They tend to use them as bait to quickly take care of QRF that try to stop their invasion of Finland.
