1. Mission

Who are we? What has happened?

Russia is threatening nuclear war, and is demanding annexation of eastern europe.
The Russian general Oleg Tolstoy is close to the russian border of ukraine, and carries 'the package', which is a set of russian nuclear launch codes and their encryption device. If NATO were to get hold of this, they could pacify the Russian nuclear arsenal, at least temporarily.
The situation is so dire, that this gamble is worth taking.
War has already erupted in Poland.
LRG is to spearhead into Ukraine and retrieve 'the package', no matter the cost!

2. Mission
